

## GAM Announces Release of New Linear Mount Products Brochure

Mount Prospect, IL – November 11, 2014 - GAM, a leading manufacturer of precision gear reducers, servo couplings, and linear mounting kits, announces the release of its new Linear Mount Products brochure.

GAM's Linear Mount Products are a unique line of products designed to mount directly to actuators. This offering started with just a single item, the LSK (Linear Slide Kit) after GAM noticed customers having difficulty mounting motors to actuators. Over the years, it has evolved into a complete range of gearboxes, couplings, and adapter kits. The product range expanded even further as GAM leveraged its flexible manufacturing operations and engineering resources to integrate individual products into complete system solutions as a service to customers.

"We really wanted to highlight our flexibility and capabilities beyond what customers may have known about or have seen in previous catalogs," said Craig Van den Avont, President of GAM, "This brochure really captures the essence of the level of value added service that we provide to our customer base."

The eight page full color brochure features a variety of GAM products configured in actual applications from basic to complex. "By showing these various application successes, we hope to spark the creativity of our customers and ultimately improve their machine designs." Van den Avont added. Beyond actuator systems, the brochure also illustrates how GAM's experience and expertise can help customers in other market segments.

### About GAM

GAM is your complete source for Gear Reducers, Servo Couplings, Linear Mounting Kits, and other innovative products used in automation technology. With one of the largest product offerings in the motion control industry as well as the engineering expertise and capabilities to develop customized solutions, GAM can help with your application. Being flexible to meet the needs of customer requests and great service are what set them apart from the rest. For more information visit: <http://www.gamweb.com>. GAM is also on Twitter [http://twitter.com/#!/GAM\\_Gear](http://twitter.com/#!/GAM_Gear) and Facebook <https://www.facebook.com/GAMGear>.
